Report of the Trustees for the Year Ended 31 January 2021

The trustees who are also directors of the charity for the purposes of the Companies Act 2006, present their report with the financial statements of the charity for the year ended 31 January 2021. The trustees have adopted the provisions of Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019).

OBJECTIVES AND ACTIVITIES

Objectives and aims

Go Kids Go! (Association of Wheelchair Children) aims to enable 'independence through mobility' for young wheelchair users and their families by providing specialist training and expert advice to assist them to take a fuller and more active part in everyday life.

Go Kids Go! run wheelchair skills training for young wheelchair users throughout the UK. We teach essential skills in the workshops including road safety for young wheelchair users, back wheel balancing in order to negotiate kerbs and uneven ground, skills to cope with slopes and emergency evacuation techniques.

Our wheelchair skills workshops are unique in that we bring a supply of extra wheelchairs for parents and siblings to join in too, making workshops fully inclusive. Our training helps improve confidence and self-esteem in the young people. Families find our workshops are a good opportunity to share experiences and receive practical advice and support. Parents and siblings also gain a greater awareness of the challenges faced by the wheelchair user.

Becoming more independent is a key outcome of our training, meaning the young person has more opportunities in their future; they may have more employment opportunities and be less reliant on benefits and health/social services. The impact on the family can be enormous; one family quoted after a training course 'It really did change the course of our lives'.

To encourage the greatest number of children to benefit from our work, absolutely no charge is made to the families involved for the service we provide although donations are always welcomed. We are committed to ensuring that a family's possible lack of financial resources will not prevent a wheelchair using child from acquiring these vital skills

Significant activities

During 2019 we employed an assistant trainer which increased our capacity to run workshops across the UK. With the continued support from Children in Need we are able to employ 3 part-time workshop leaders which along with the training manager and assistant trainer now gives us a good deal of flexibility to run workshops at weekends and in school holidays.

Public benefit

In shaping our objectives for the year and planning our activities the trustees have considered the Charity Commissions guidance on public benefit.

Volunteers

We actively encourage volunteers and they provide essential back up to the work of our paid staff. The support and skills of our volunteers are greatly appreciated by all at the charity. Often young wheelchair- users who have benefitted from our training attend courses as volunteers to encourage and inspire younger participants.

ACHIEVEMENT AND PERFORMANCE

Charitable activities

During 2020 our capacity to deliver both wheelchair skills workshops and awareness raising workshops has been significantly impacted by Covid-19 and the various lockdowns. However, the year got off to a good start with some busy training days prior to the first lockdown. We were then able to adapt our workshops and offer more one to one training sessions in September and October. In the periods when we have been able to operate we have delivered:-

- 19 Training Workshops including core workshops, disability training days in mainstream schools and workshops for healthcare professionals.
- 71 disabled children and young people have attended our workshops.

In total, 527 beneficiaries including disabled children, their parents and siblings, children in mainstream schools and health and education professionals have benefited from our training during 2020.

We also produced our very first Impact Report during 2020 to highlight the difference our training makes to children and young people who are physically disabled and wheelchair users. We were delighted to have the input from many families whom we have worked with over the years. A copy of the Impact Report can be found at https://www.go-kids-go.org.uk/PDFS/GKG%20Impact%20Report%20for%20Website.pdf or by requesting a copy from our head office.

Covid - 19

During 2020 the Covid-19 pandemic had a significant impact on the delivery of our wheelchair skills workshops across the UK. During the three lockdown periods we were unable to deliver face to face training though we were able to keep in touch with our service users via social media platforms. We also created an Impact Report and revamped our website making it much more user friendly when viewed on smartphones and tablets. We did rely on the Government furlough scheme to support staff salaries.

FINANCIAL REVIEW

Principal funding sources

As we are a national charity Go Kids Go! are funded from numerous sources, organisations and bodies throughout the UK. During the period, February 2020 to January 2021, Go Kids Go! (Association of Wheelchair Children) has received generous support from many charitable trusts and foundations, companies and individuals.

This has included grants from Children in Need, The Big Lottery (Awards for All Wales) and The Brelms Trust.

This year we have also made use of the Government furlough scheme to support staff costs during periods when we have been unable to deliver our training.

Reserves policy

The charity has free unrestricted reserves to cover approximately six months expenditure. This would provide a satisfactory buffer zone should there be a period of reduced income. These reserves total £75,000. The charity also holds a staff pension reserve of £10,000 and property maintenance reserve of £5,000.

FUTURE PLANS

We are hopeful that in 2021, with the lifting of social restrictions, we will be able to return to delivering our full programme of wheelchair skill workshops, disability awareness training days and workshops for healthcare professionals.

Further funds of £90,000 (2020: £90,000) are held in designated funds. This leaves our free reserves at £98,290 (2020: £79,000).
